DECENTRALIZED REGIONAL QUALIFIER & TRACKING PROTOCOL

How regional hubs connect into the AIC Titans Cup championship.

Because final group counts and match numbers depend on confirmed BFI registrations in each city, Aurium Sports operates a **Flexible Regional Hub Qualification Protocol** that adapts seamlessly to actual turnout.

RULE 01 · REGIONAL POD TRIGGER (4+ TEAMS IN A HUB)

Nearby City Qualifier Pods

Whenever **4 or more BFIs of the same class** register within a regional corridor (e.g., **Banepa/Kavre** with 11 Class D MFIs, **Pokhara** with 8 Class D MFIs, **Butwal/Kohalpur** with 9 Class D MFIs, **Itahari/Biratnagar** with 4 Class B & 4 Class D BFIs, or **Janakpur/Lahan** with 5 Class D MFIs), Aurium Sports conducts the official Regional Group Qualifier in that hub city.

RULE 02 · DYNAMIC GROUP & MATCH ALLOCATION

No Fixed Group Lock Prior to Registration

Group counts and match schedules are finalized dynamically after registration closes. All regional qualifiers enforce the locked AIC Titans Cup technical rules: **7 minutes each half** in League/Group play, **10 minutes each half** in all Knockouts, **NPR 25,000 Gentlemen / NPR 15,000 Ladies** entry fee, and **50% minimum prize pool paid 70:30 to Winner & Runner-Up**.

CENTRALIZED DIGITAL TRACKING

Central Match Ledger

Every regional hub match is officiated by certified Aurium referees, logged in the central disciplinary & scoring database, and streamed with standardized graphics.

PROGRESSION TO CLASS FINALS

Inter-Hub Knockout Sync

Regional Pod winners advance to the Class Knockout Finals to determine the overall Class Champion & Runner-Up who qualify for the Magh **Clash of the Titans Finale**.

LOCAL CSR RETENTION

100% Local District CSR

Every regional BFI's CSR contribution stays in its own home province/district to train local underprivileged children (focusing on girls) and hire local licensed coaches.
